

AWARE FITNESS CENTER

Smart Gym Solution

Unlock real-time data on fitness center usage with Aware's cloud-connected sensor technology.

Proven ROI

Take the guesswork out of equipment purchasing and replacement

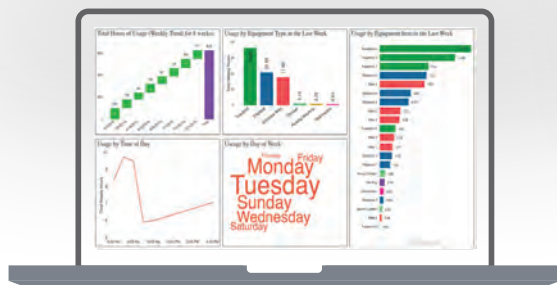

Know exactly which machines are being used, and when

Works with any brand, on virtually any type of machine

IMPROVE OPERATIONS

Our sensor solution kit unlocks data through a detailed analytics dashboard, giving you actionable intelligence.

- Track equipment usage
- Remove underutilized machines, or add those in demand
- Optimize temperature & humidity
- Determine which equipment needs repairs, now or in the future

ENHANCE THE RESIDENT EXPERIENCE

Residents will love it too! Provide immediate access to fitness center info through a customized mobile app.

- Check equipment availability
- Find out if the gym is crowded
- Check gym temperature
- Ask Amazon Alexa or Google Home any of the above!
